

Jessica Mellon is a Journalist and a Photographer from Bethlehem, PA. Through her photography, she captures the world around her. Other interests include skiing, hiking, and other outdoor activities.

A WALK IN THE WOODS

Jessica Mellon

The photographs in the book were taken on a long walk on the D & L Trail in Bethlehem, PA. The photographs start at the beginning of the walk and end with the moon at the end of the walk. I have always loved the outdoors and find that its beauty is overwhelming. I wanted to capture this beauty to show others the way I see the world and how astounding the world can be.
